Such communications gives us better understanding of how we can improve education of our future employees which currently are students. I think that this project can be very useful and hope to bring my impact of its successful implementation.

To understand how university is involved in development of the new technologies.

Project overview

From the presentation of G.Margarov, we got enough information about the project goals. Cooperation with other HEI's needs to be discussed.

Improvement of contacts with academia

To solve our needs of qualified alumni for extend the business

I expected to understand main tasks of the project to try to be involved

Our company expected real steps and proposals for the development of a very demanded direct cooperation between universities and companies. Presentation by prof. Margarov was just fantastic and promising. Very useful and interesting presentation by Dr. Sahakyan.

methods of organisation of joint work between universities and companies

I expected to find real partners in the university environment. The project was presented very competently and comprehensively.

The most useful is first presentation

package N5

how can organize cooperation, Margarov G.

Gevorg Margarov's Presentation

I like all presentations. Every part was important and useful

Find out the situation regarding the project.
All presentations were helpful.

Presentation of prof. Markarov was good. I'm sure that all mentioned ideas will be realized soon.

Know about the research laboratory unit.

To further expand the collaboration between universities and the industry, aiming mainly to encourage knowledge and technology exchange.
Presentation of the of the NPUA Cooperative R&D Unit's Project, Gevorg Margarov.

professor G. Margarov's presentation was very useful

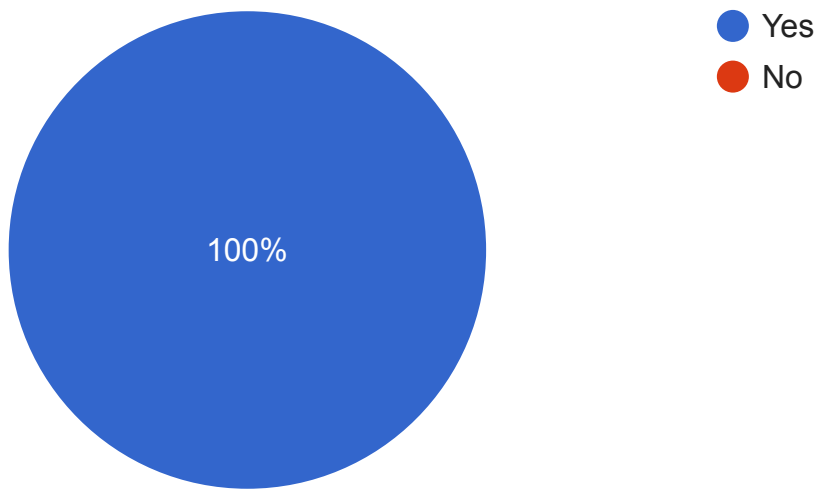

Professor G. Margarov presentation is the most useful.

All

Details of the project objectives. Creation of R&D unit in NPUA.

every thing is good

10. General comments and recommendations for improvement:

10 responses

Looking forward for cooperation with the university as soon as possible. And hope to have prosperous technological future.

From the presentation of G.Margarov, we got enough information about the project goals. Cooperation with other HEI's needs to be discussed.
I hope, the outcomes will be as successful as this meeting.

I hope, the outcomes will be as successful as this meeting.

Important event, need to have more such meetings

Hope to have privet descendants with organizers and find common tasks to cooperate.

Very interesting and modern project of the Center for Innovative Education and Research. It remains to be implemented in full and in accordance with all plans. With pleasure we will present to the organizers our proposals on the implementation of mutually beneficial joint projects.

I hope to get an interesting proposal for a joint project from the NPUA.

close cooperation, more frequent meetings

Everything was normal

No comments and recommendations.
