Promoting academia-industry alliances for R&D through collaborative and open innovation platform - All4R&D

Co-funded by the
Erasmus+ Programme
of the European Union

1. General information about course

■ **Title of the course**

Cloud Tools to Ensure the Quality of Research and Education

■ Lecturer **Hasmik Markosyan**

■ Institution **National Polytechnic University of Armenia**

■ E-mail. **hasmikmark@gmail.com**

Promoting academia-industry alliances for R&D through collaborative and open innovation platform - All4R&D

Co-funded by the
Erasmus+ Programme
of the European Union

2. Description of the course

The course covers current advances in the use of cloud-based tools for research and education. Special attention is paid to the practical study of popular suits of office and educational tools that can also be effectively used in research

3. Target group and prerequisites

Target group/ Learners profile

- General public

- Young researchers and teachers

Prerequisites (required pre-knowledge and experiences)

- No previous knowledge or experience required

- Core research and teaching knowledge, skills and competencies

Promoting academia-industry alliances for R&D through collaborative and open innovation platform - All4R&D

Co-funded by the
Erasmus+ Programme
of the European Union

4. Learning outcomes

By the end of the course, the student will be able to:

■ Discover a new world with a lot of possibilities, a cloudy environment, where using of free, safety tools supported educational and researches activates is possible from any equipment, at any time and in any place.

■ Increase awareness and develop skills of effective use powerful sets of cloud tools in research and education.

■ Identify and configure the proper cloud tools for specific tasks and fields of activity.
